INDEPENDENT AUDITORS' REPORT

Board of Directors of
Faith Family Medical Center, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Faith Family Medical Center, Inc. (a not-for-profit corporation), which comprise the statements of financial position as of December 31, 2017 and 2016, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Faith Family Medical Center, Inc. as of December 31, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

FAITH FAMILY MEDICAL CENTER, INC.
Notes to Financial Statements
December 31, 2017 and 2016

Note 1. Summary of Significant Accounting Policies

A. Organization and Nature of Activities

Faith Family Medical Center, Inc. ("the Center") is organized under the laws of the State of Tennessee to provide primary medical care and related healthcare services to working uninsured and other underserved individuals and their families in the greater Nashville area. The Center funds its operations from patient fees, contributions, grants and investment income.

B. Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

C. Financial Statement Presentation

Financial statement presentation is reported in accordance with the FASB Accounting Standards Codification for *Presentation of Financial Statements, Not-For-Profit Entities*. Under those provisions, net assets and revenues, gains, and losses are classified based on the absence or existence and nature of donor-imposed restrictions as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that can be fulfilled by actions of the Center pursuant to those stipulations or that expire by the passage of time.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Cash and Cash Equivalents

For purposes of the statements of cash flows, cash includes cash on hand, demand deposits, money market, and investments with initial maturities of three months or less. There are no cash equivalents at December 31, 2017 and 2016.

F. Contributions and Grants Receivable

Contributions and grants receivable are recorded at fair value for all unconditional promises to give. Management has evaluated the collectability of contributions receivable based on historical data and collections subsequent to year end.

G. Accounts Receivable

Accounts receivable consists primarily of amounts due from patients for services provided by the Center. An allowance for doubtful accounts is established based on review of collection history. Receivables are written off when a balance is determined to be uncollectible, generally when it is past due for more than one year. Accounts receivable as of December 31, 2017 and 2016 are expected to be collected within one year. As a result, management has determined that an allowance for uncollectible accounts is not necessary.

H. Property and Equipment

It is the Center's policy to capitalize property and equipment over \$1,000. Purchased property and equipment are recorded at cost if purchased or fair market value if donated. Depreciation is provided using the double-declining balance and straight-line methods over the estimated useful lives of the assets ranging from 3 to 30 years. Repairs and maintenance are expensed as incurred. Total depreciation expense for the years ended December 31, 2017 and 2016 is \$56,969 and \$59,312.

FAITH FAMILY MEDICAL CENTER, INC.
Notes to Financial Statements – Continued
December 31, 2017 and 2016

Note 1. Summary of Significant Accounting Policies – Continued

I. Fair Market Value

Management has adopted the *Fair Value Measurements and Disclosures* topic of the FASB Accounting Standards Codification for determining fair value of financial assets and liabilities that are required to be carried at such amounts. Fair value is required to be evaluated and adjusted according to the following valuation techniques:

Level 1: Fair value is determined using quoted market prices in active markets for identical assets and liabilities.

Level 2: Fair value is determined using quoted market prices in active markets for similar assets and liabilities.

Level 3: Fair value is determined using unobservable market prices in a market that is typically inactive.

J. Earned Time Off

Employees earn leave beginning with the pay period they are hired. Employees use their earned time off for vacation, personal time, sick days and eight holidays. Eligible part-time employees earn leave on a pro-rata basis based on the number of hours worked. Full-time employees earn leave days per year as follows:

Years of Service:	Hired Prior to December 31, 2009	Hired After January 1, 2010
Up to five years consecutive service	30	25
Five to ten years consecutive service	35	30
Ten years of consecutive service and subsequent	40	35

No more than one and one-half the amount of annual leave hours earned may accrue at any one time. At December 31, 2017 and 2016, earned time off is \$74,351 and \$88,153.

K. Medical Services Revenue

Medical services revenue is recorded at the Center's established rates with charity allowances deducted to arrive at net medical services revenue.

L. Contributions

Contributions are received and recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions received and unconditional promises to give are measured at their fair values and are reported as an increase in net assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Contributed goods and assets are recorded at fair market value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.

Contributed services are reflected in the financial statements at the fair value of the services received only when those services either (a) create or enhance nonfinancial assets, or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

M. Functional Expenses

Expenses are charged directly to program, management and general, or fundraising based on a combination of specific identification and allocation by management.

N. Advertising Costs

Advertising costs are charged to operations when incurred. Advertising expense is \$39,208 and \$50,541 for the years ended December 31, 2017 and 2016.

O. Income Taxes

The Center is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code except on net income derived from unrelated business activities.

Note 2. Fair Value Measurements

The following assets carried at fair value are reviewed and adjusted on a recurring basis:

	<u>\$ 2,359,425</u>	<u>\$ 400,556</u>

Note 7. Conditional Promise to Give

During the years ended December 31, 2017 and 2016, the Center has been awarded Health Care Safety Net grants from the State of Tennessee. These grants reimburse the Center for primary care medical encounters provided to adults meeting the grant criteria. Once grant criteria are met, the Center recognizes grant revenue and a receivable.

Note 8. Donated Property, Equipment and Services

Donated property, equipment and services are used in the ongoing operations of the Center. The value of donated property, equipment and services included in the financial statements and the corresponding expenditure or asset capitalization for the years ended December 31, 2017 and 2016 are as follows:

<u>Revenues</u>	<u>2017</u>	<u>2016</u>

The Center receives donated pharmaceutical samples from various sources. These samples are dispensed at the Center to patients. The value of these donated samples has not been determined or recorded in the financial statements.

Note 9. Pension Plan

The Center has a simplified employee pension plan (SEP) for the benefit of its employees who have attained the age of eighteen and been employed with the Center for one year. The plan provides for discretionary contributions by the Center determined annually by the Board of Directors. Contributions to the plan are made in accordance with the Internal Revenue Service limits. For the years ended December 31, 2017 and 2016, the Center funded 6% of compensation for eligible employees for a total of \$53,587 and \$52,373.

Note 10. Operating Leases

The Center leases a medical office building from Saint Thomas Midtown Hospital. The building is located at 326 21st Avenue North in Nashville, Tennessee. The building consists of 3,400 square feet. The Center has negotiated a ten year lease expiring on December 31, 2027 for \$1 per year. The fair market retail value for the years ended December 31, 2017 and 2016 of the building is \$19.63 per square foot or \$66,742 per year and \$19.06 per square foot or \$64,804 per year respectively.

The Center leases an apartment that serves as additional office space. The lease includes monthly payments ranging between \$2,434 and \$2,531 and expired on December 31, 2017.

The Center leases copiers for a monthly payment of \$265. The lease terminates in July 2019.

Future minimum rental payments required under operating leases that have initial or remaining noncancelable base terms in excess of one year as of December 31, 2017:

Note 11. Concentration of Risks

The Center is conducting a three year capital campaign to fund the expansion of its facilities. During 2017, FFMC conducted the silence phase of the capital campaign. The significant increase in 2017 revenue compared to prior years is due to contributions and grants from this campaign. For the year ended December 31, 2017, one capital campaign donor accounted for 16% of total revenue and support.

The Center holds cash with three financial institutions in Nashville, Tennessee. Accounts at all institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2017 and 2016, the Center's cash accounts exceeded the insurance coverage by \$889,920 and \$158,807. The Center believes it is not exposed to any significant credit risk on cash and equivalents.

Note 12. Upcoming Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*. This new accounting guidance will increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements.

The new standard is effective for nonpublic entities for fiscal years beginning after December 15, 2019. The Center is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

In August, 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities*, that is intended to improve financial reporting relating to liquidity, financial performance and cash flows.

More specifically, the changes affect net asset classifications by reflecting two classifications of net assets, one "without donor-imposed restrictions" and one "with donor-imposed restrictions," which differ from the traditional classifications of unrestricted, temporarily restricted, and permanently restricted. In addition, reporting of expenses by both natural and functional classification is required and investment returns must be reflected net of related investment expenses. The cash flows statement is also allowed to be restructured by using the direct method of reporting and there are further disclosures regarding an organization's liquidity.

The new standard is effective for fiscal years beginning after December 15, 2017, with early adoption permitted. The Center is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

Note 13. Subsequent Events

The Center has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended December 31, 2017 through April 23, 2018, the date the financial statements were available to be issued.
